

JOEY JAIKARAN

OBJECTIVE

To use and continue to develop my programming skills in a role focused on contributing to innovative and efficient solutions as a Software Developer.

SKILLS

- Advanced communication and critical thinking skills as a result of my experience as a homecare consultant, emphasizing a patient and customer-centric approach
- Excellent time management and multitasking abilities, effectively balancing complex tasks and tight deadlines
- Collaborative team player with experience working in interdisciplinary teams, ensuring effective communication and task coordination to implement individualized care solutions for patients
- Adaptability in dynamic work environments, managing unpredictability and changing priorities in healthcare settings while maintaining high-quality care and responsiveness
- Problem-solving and critical thinking, with experience identifying patient needs and delivering tailored solutions to improve health outcomes
- Leadership and mentoring abilities demonstrated through leading training sessions for healthcare staff and mentoring junior colleagues and students in clinical best practices and respiratory care protocols

EXPERIENCE

- | | | |
|--|---------|------------|
| <i>Registered Respiratory Therapist</i> | | |
| August 2019 – December 2023 | ProResp | London, ON |
| <ul style="list-style-type: none">▪ Excelled in patient-centred care by delivering personalized patient care plans and follow-ups to improve long-term health outcomes.▪ Developed the ability to manage urgent situations effectively without compromising patient care, leveraging critical thinking while dealing with medically complex cases, including individuals requiring advanced respiratory care and monitoring.▪ Strengthened interdisciplinary collaboration by working closely with a large, diverse team across multiple departments, such as administration, equipment technicians and delivery drivers, nursing, physiotherapy, and respirology, to deliver integrated patient care. | | |

- Played a key role in managing and prioritizing a heavy patient caseload in a fast-paced environment developing quick solutions under pressure, and consistently meeting tight deadlines while maintaining high standards of care.
- Led training sessions with patient support staff such as nursing and personal support workers to manage chronic respiratory conditions and equipment use effectively, reducing hospital readmissions.
- Demonstrated leadership in mentoring junior staff and students, sharing expertise in respiratory care and home healthcare protocols.

Registered Respiratory Therapist

August 2018 – August 2019

Complete Respiratory Care

Vaughan, ON

- Developed foundational patient assessment and communication skills through both in-home visits and in-office appointments, conducting evaluations for home oxygen therapy and CPAP devices.
- Managed a broad patient territory, from downtown Toronto to Hamilton, ensuring timely service delivery and patient follow-ups across diverse regions.
- Gained expertise in navigating Ontario's healthcare funding programs to secure uninterrupted access to necessary respiratory treatments.
- Worked closely with patients transitioning from hospital to home, assessing their equipment needs and delivering personalized training on oxygen and CPAP use, significantly improving patient confidence and outcomes.

Sales Associate

September 2011 – August 2018

Mastermind Toys

London, ON

- Provided excellent customer service by assisting shoppers in finding the right toys, books, and games for their needs.
- Worked collaboratively with team members to meet daily sales goals and improve overall store performance.
- Handled transactions as a cashier, ensuring accuracy in sales, returns, and exchanges while maintaining a friendly and welcoming demeanor.
- Effectively managed time by balancing part-time work with a full academic course load, demonstrating strong organizational and multitasking abilities.
- Maintained stock of shelves efficiently, ensuring products were well-organized, fully stocked, and presented attractively to maximize sales.
